I would love to come back to Raipur

Raipur Times presents the experiences of first-time visitors to the city

Anneysha Ghosh, a freelance scribe from Kolkata, was recently in Raipur to host a show. On her first visit itself, she is so impressed by the city that she wants to come back for another trip. Here's what she says:

What brings you to Raipur?
 I have come to host a show and that's what brings me to this wonderful place.

What was the first thing that came to your mind when you entered Raipur?
 The first thing that caught my attention was the beauty of this city. I never knew that I would have so many things to see here. On reaching here, I realized that this trip is going to be fun.

What is the best part about Raipur?
 The best part of Raipur is its fun-loving and warm people. They were so welcoming and friendly that I felt very comfortable over here.

What was your opinion about Raipur before you had visited the city and how has your opinion changed after coming here?
 I thought that we won't be able to see things like malls and tourist spots here, but my opinion completely changed when I had a good look around the city and saw everything that is available in any metropolitan city.

What are the places you visited in Raipur and what are the ones you are planning to visit?
 I visited famous malls and a few clubs of Raipur. But the best place I visited was a *dhaba* in a deserted area, called *Kake Da Dhaba*. It was fun to be there, sit on a *khataiya* in nice weather and enjoy some mouth-watering delicacies.

What will you take back from Raipur when you go back to your city?
 It was a very short trip to this city, but I will take back memories, love and best wishes of the people and would love to come back again for more.
